During the IFAT 2022 we are offering interested people to talk with us about the benefit of “Learning in Competitions”. Skills competitions on regional, central or international level motivates the learners and professionals. Teachers, trainers and competitors do enjoy the challenges. New learning task are creating new learning situations. Talents are found and motivated and you create stories for the media to lobby for the profession.

Hélène Opitz, Rüdiger Heidebrecht, Roland Knitschky, Lukas Kohl and Klaus Kronberger are answering questions and explaining to you the actual challenge on the IFAT.
